*Office of His Worship, the Mayor*

30<sup>th</sup> October, 2014.

The President,  
Kono District Development Association,  
United Kingdom.  
Dear Sir:

After a fairly long period of time, I am very pleased to communicate to you (Dr. Kai Ngegba and the new Executive), congratulating you on your victory in the just concluded elections. Your being re-elected President- to the best of my knowledge or perception- is a clear manifestation of the electorates' confidence in your sterling human qualities that evidently, eminently and inarguably characterize good leadership. Prior to the elections, quite frankly, I had held the optimism that both Dr. Ngegba and Mr. Aiah Y. Sondegbe would carry the day if not come off with flying colors. And, very significantly, I have every hope that you (both delegates) would successfully execute your official charges and perhaps more efficiently and effectually than ever before.

On a more important- yet sad- note, comrade politicians, may I register my apology for keeping you incommunicado since my last correspondence; and which could be ascribed to the sudden and unprecedented outbreak of the EBOLA disease that continues to claim more lives including the children. President and Secretary General KDDA, the circumstances regarding the EBOLA phenomenon and all the realities surrounding it are horrible; and which cast an adverse slur or impact on our country's economy.

Meanwhile, our Council is much preoccupied with programme and activities geared towards the fight against the disease. As some local and international organizations make meaningful contributions in terms of finance and logistics to our continuous fight against the menace, we are still encouraging more organizations and individuals to give support to our Council in this difficult situation; and we shall be very grateful.

Very truly yours:

.....  
Saa Emerson Lamina  
Mayor  
Koidu New Sembehun City Council

Cc:  
Secretary General KDDA
