Dear Sir/Madam,

10<sup>th</sup> July 2010.

Update from KDDA Interim Committee

On the 26th June 2010, the membership of Kono District Development Association (KDDA) unanimously passed a vote of no confidence against Tamba Opel Pessima Sam Sumana and his entire executive. This action is in accordance with the 1998 constitution of KDDA, Section 14 subsection (1), (111), and (V) and Section 34. Mr Sumana is also in material breach of Section 6 subsection (11); projecting a negative image of the association, Section 7 subsection (111) and (1V) as his behaviour has been of concern to the association, Section 16 subsection (1) having exceeded the maximum two terms in office, and Section 22, as the association is long overdue for auditing.

An interim committee of nine members were collectively approved by the membership to run the affairs of KDDA on the 26th June 2010. The interim committee has a clear permission to uphold our fundamental principles of oneness and defend our traditions and moral values until elections are conducted. The interim chairman for the Kono District Development Association is Dr. Kai Ngegba and the other members of the committee are as follows:
